

DESCRIPTION

Lubemaster Automotive Transmission fluid cools and lubricates all moving transmission parts. This scientifically blended formula helps prevent power loss caused by sludge, contaminants and rust particles. Automotive Transmissions Fluid prolong the life of Transmissions.

BENEFITS

- Cools and lubricates all moving transmission parts
- Helps prevent power loss
- Prologs transmission life

HOW TO USE

Check level of transmission fluid every 1600 km. If below "full" mark, add enough fluid to raise level of "full" mark. Do Not Overfill. Blends perfectly with original equipment fluid and gives smooth power transmissions in all weather conditions.

PROPERTIES

S.No	Properties	Units	Specification
1	Specific gravity @ 68 ° F	-	0.90 - 0.95
2	Flash Point	° F ° C	NONE
3	Boiling Point	° F	N/A
4	Water Solubility	-	Nil

PACKING INFORMATION

PACKING - Plastic Can /946 ml / 12 nos / Secondary box

STORAGE - Store in Room Temperature. Keep away from Direct UV
